Term 1  Week 9  2013

Dear families and friends of Morisset PS

Chicken Pox
Many of our students over the past week have been diagnosed with chicken pox and have to remain away from school for approximately 5 days. Please read carefully the fact sheet included in this newsletter. I have contacted the infectious disease unit and will implement every precaution to minimise the impact on our students health and safety. Any sores or scabs that can be scratched and weep are considered infectious.

Cross Country
On a brighter note I wish to congratulate all the students who participated in our cross country on Friday. The resilience to the warm conditions as well as their persistence in completing the course demonstrates their positive sporting attitude. Thank you to Mrs Waldon for her organisation and the staff and parents who assisted on the day. It was also wonderful to see so many parents there to cheer on the students. Some even running with the students to support them. Parents will be able to see other examples of Morisset Primary Schools great sportsmanship at our Athletics Carnival next Friday, 5th May.

Voluntary School Funds
Thank you to all the parents who have paid the voluntary school fees for their children. This money supports our school in providing resources and materials used for all students to access educational needs. Congratulations to Hayley Ostergaard who won the lucky draw for a $50 voucher for Coles or Woolworths.

P & C
Thank you to the P & C for their work in organising the Easter raffle.
**Quality Work**
Come and have a look in the office at 1/2J’s display of the artist Anselm Kiefer—”Recreation of Anselm Kiefer’s Artwork”.

**Student Achievement**
Our newsletter is just one of the ways we celebrate student success. Please let us know of any students who have achieved in any areas outside school as we would like to share their success with the school community. Also it would be great if you can supply a photo to support the news.

I would like to congratulate Xander Paterson who was proud of his achievements representing Southlakes Little Athletics at the State Multi Event in Orange and also for 60m hurdles at the Little Athletics State Championships at Homebush. Check out the cover of the program!

**Stranger Danger**
With the holidays coming up and changes in routine please speak to your child about stranger danger and what you as a family require your child to do if they feel uncomfortable if approached by an adult.

**Thought of the Week**

“Tell me and I forget, teach me and I may remember, involve me and I learn.”

Benjamin Franklin

Make the most of the awesome moments and have a safe Easter break.

Kathryn Duncan
Principal

**NEWCASTLE WRITERS FESTIVAL**

Friday 5th to Sunday 7th April

18 TICKETED EVENTS
21 FREE EVENTS
80 WRITERS

More info: www.newcastlewritersfestival.org.au
**Factsheet**

**CHICKENPOX AND SHINGLES**

Chickenpox is a common viral infection that can reappear later in life as shingles. A vaccine is recommended for all infants and non-immune adults.

**Last updated: 01 July 2012**

**What is Chickenpox?**

- Chickenpox is a viral illness caused by the herpes zoster virus (also known as the Varicella-Zoster virus).
- In children it usually causes a relatively mild illness.
- Chickenpox in adults and immunosuppressed people can be severe.
- Infection in pregnancy can cause foetal malformations, skin scarring, and other problems in the baby.
- Before routine vaccination began in November 2005, chickenpox was a very common illness. The incidence of chickenpox appears to have decreased as more people receive the vaccine.

**What are the symptoms?**

- Chickenpox begins with a sudden onset of slight fever, runny nose, feeling generally unwell and a skin rash.
- The rash usually begins as small lumps that turn into blisters and then scabs.
- The rash appears over three to four days. At any one time, the lesions of the rash vary in stages of development.
- Symptoms usually occur two weeks after exposure to the virus.
- Most people recover without complications, but sometimes the infection can lead to serious complications, such as pneumonia and inflammation of the brain. Rarely, the infection can be fatal.

**How is it spread?**

- Early in the illness, the virus is spread by coughing.
- Later in the illness, the virus is spread by direct contact with the fluid in the blisters.
- The infection is highly contagious to people who have never had chickenpox or who have not been immunised.
- People are infectious from one or two days before the rash appears (that is, during the runny nose phase) and up to five days after (when the blisters have formed crusts or scabs).
- Chickenpox infection triggers an immune response and people rarely get chickenpox twice.

**Who is at risk?**

- Anyone who has not had chickenpox or been vaccinated in the past can get chickenpox.
- People with a past history of chickenpox are likely to be immune to the virus. Even adults with no history of chickenpox have a chance of being immune (because of past infection that was mild). Doctors sometimes perform a blood test to see if these people need a vaccination.

**How is it prevented?**

- A free vaccine is now recommended for all children at 18 months of age and for children in their first year of high school who have not received chickenpox vaccine and who have not had chickenpox.
- The vaccine is also recommended for persons 14 years and over who are not immune. This involves 2 doses, 1 to 2 months apart. It is especially recommended for people at high risk, for example, health care workers, people living with or working with small children, women planning a pregnancy, and household contact of persons who are immunosuppressed.
- People with chickenpox should avoid others (and not attend childcare or school) until at least five days after onset of the rash and all the blisters have dried.
- People with chickenpox should cover the nose and mouth when coughing or sneezing, dispose of soiled tissues, wash their hands well and not share eating utensils, food or drinking cups.
- Pregnant women should avoid anyone with chickenpox or shingles and should see their doctor if they have been around someone with these illnesses.
- Children with an immune deficiency (for example, leukaemia) or who are receiving chemotherapy should avoid anyone with chickenpox or shingles as the infection can be especially severe.

**How is it diagnosed?**

Most cases can be diagnosed based on the symptoms and by appearance of the rash. Sometimes the diagnosis is confirmed by testing samples taken from the rash or from blood.

**What is Shingles?**

- Shingles is caused by the reactivation of the virus that causes chickenpox, usually in adulthood and many years after the initial chickenpox illness.
- The illness is characterised by a painful chickenpox-like rash on a small area of skin, usually on one side of the body.
- Pain and tingling associated with the rash may persist for weeks or months after the rash has cleared. This is called post-herpetic neuralgia.
- The virus can be spread by direct contact with the skin rash of infected people. This causes chickenpox in people who are not immune.
- Shingles develops more commonly in people who are immunosuppressed.

**How is it treated?**

Shingles can be treated with special antiviral drugs such as aciclovir. Your general practitioner can advise on ways to minimise the discomfort associated with the symptoms of infection. Chickenpox infection usually resolves without treatment.
MORISSET PRIMARY SCHOOL
Invites you to our

**Easter Hat Parade!**

**WHEN:** Thursday 28th March

**TIME:** 1.30pm

**WHERE:** The big cola (unless it’s raining)

**WHO:** All students are encouraged to participate by making an Easter Hat **at home** and wearing their hat in the Easter Parade at school.

Parents are invited to come and watch

**PRIZES:** There will be four prizes awarded in each class for -

1. The tallest hat
2. The most colourful hat
3. The most creative hat
4. The best hat

The prizes will be judged by cabinet ministers and a member of staff.

Regards
Angus Nichols, Prime Minister
Brad Wrench, Minister of Events and Recreation

---

**Cross Country/ Fun Run**

Thank you to all the students who participated in Friday’s combined Cross Country/ Fun Run. It was a muggy afternoon and the students all still had a go which was very inspiring to watch. I would also like to thank the parent helpers: Paula Camilleri, Melissa Hunter, Cherie Kelly, Barbara Roberts and Cherian Stones for all their hard work timing each race and the parents and carers who came along to watch and cheer on our students. A big thank you to the staff for their supervision and a special mention to Mrs Coulter and Mrs Duncan in their efforts to look after our students and keep them cool. Listed are the students who have successfully made it to the Zone Cross Country based on their recorded times.

Pulbah were the house winners followed by Macquarie then Watagan – well done all!

HUNTER SPORTS HIGH SCHOOL APPLICATION FORMS YEAR 7 2014
Application forms for Hunter Sports High School 2014, Year 7 intake are now available from the school office.

Information also available from the Hunter Sports High School website: www.huntersports.com.au or Ph: 4943 5755 (Director of Sport - Mr James Pascoe).

NEWCASTLE SCHOOL PORTRAITS FOR KINDERGARTEN
On Tuesday 2nd April, Newcastle School Portraits will be coming to take FREE individual photos of our Kindergarten students as it was overlooked on school photo day. Please come in full school uniform (red shirt).

HOT CROSS BUN
Hot Cross Buns have arrived today. If you ordered any please collect them as soon as possible from the office.

Enjoy your delicious buns!

OLD MOBILE PHONES ‘WANTED’
Our school is currently the collection point for old mobile phones for a fundraiser for Team Lake Macquarie athletes to compete in the International Children’s Games to be held in Canada this year.
This is a good chance to get rid of those old mobiles that have been hanging around the house. These items should never be thrown in the bin as there are toxic parts in them which shouldn’t go into our landfill.
    All the old phones are broken down and recycled.
    Thanks for supporting our young athletes.
    GO AUSTRALIA!

2013-14 ENTERTAINMENT BOOK
Morisset Public School will be selling the Entertainment Books again this year. More offers than ever, the books still sell for $60.00 and are packed with offers which remain valid until 1st June 2014.
PRE-ORDER AN ENTERTAINMENT BOOK FROM US TODAY TO RECEIVE OVER $180 IN ADDITIONAL OFFERS!
You can purchase on-line through our website or with cash from the office.

LOST PROPERTY
If your child has lost a hat or any clothing please check our lost property box in the front foyer.
Please clearly label any new items with your child's name so if it is misplaced it can be easily returned to the student.

All prizes can be collected after the Easter Hat Parade on Thursday 28th March, from the Multi-Purpose Room.

Thank you to the families and friends of Morisset Primary School as we raised $1,009 with this raffle.

Up coming events to put on the Calender

**Athletics Carnival on Friday 5th April.** If you can volunteer any time during the day in the canteen or on the BBQ (or volunteer your husband if he loves to BBQ), it would be greatly appreciated.

**Mothers Day Stall on Thursday 9th May.** That is only 1½ weeks after we get back in term 2. Notes will go out first thing back to school with the details for students who wish to purchase gifts.

Have a great week
Rebecca Harridge
P&C President
COMMUNITY NEWS

**Morisset High School Corner**

**Week 9 Term 1**

Hello everyone, and welcome to our first short week for this term. Last week at Morisset High School we had a professional Italian Chef come in to our school and give cooking lessons to our students. This was a brilliant and engaging day with students across the whole school learning the art form of making pasta from scratch! I must say I also enjoyed tasting samples that got to my office. Last Friday Ms Codner and her support class along with Miss Harding and the STC put on a fundraiser for countries and communities who live without clean running water. The response from students was terrific raising over $380 just at lunch time alone. This week our Aboriginal Education Officer, Mrs Selina Archibald is taking part in a conference for Aboriginal Education called Stronger Smarter and I am looking forward to what she brings back to our school from this conference. Last week we had the first of our stage Merit Assemblies. Each term we have a Merit Assembly for each stage to celebrate academic success for that particular term. It was fantastic to have parents with us for each stage and I thank Mr Leyshon and the Year Advisors for their work in putting these assemblies together. I hope that everyone has a great Easter!

Mark Sneddon
Principal Morisset High School
## Reading comprehension skills

Comprehension questions test how well your child understands texts that are read, listened to or viewed. These key skills will help your child answer comprehension questions.

### Table of Key Comprehension Skills

<table>
<thead>
<tr>
<th>Skill</th>
<th>Description</th>
<th>Example</th>
</tr>
</thead>
<tbody>
<tr>
<td>Getting the main idea</td>
<td>The Main idea is what the passage is about. In paragraphs, it is often contained in the first sentence. In longer passages, the main idea may be in the title, chapter headings. Proposed solutions to problems or in concluding statements.</td>
<td><em>Jupiter is the largest planet in our solar system with a diameter of approximately 142,000km, which is 11 times that of the Earth’s diameter. Saturn is the second largest planet with a diameter of 120,000km. Uranus is the third and Neptune the fourth largest planets, with diameters of 51,000km and 49,500km respectively. The Earth and Venus are similar in size with diameters of approximately 13,000km. Main Idea: The relative size of planets in our solar system.</em></td>
</tr>
<tr>
<td>Identifying cause and effect</td>
<td>Cause and effect is about how events relate to one another. Words which indicate this are: because, as a result, due to.</td>
<td><em>It rained heavily for three days (cause) and as a result the river burst its banks (effect).</em></td>
</tr>
<tr>
<td>Identifying fact and opinion</td>
<td>Facts can be verified from other sources. Opinions are personal judgements and are often expressed by comparisons (strongest, best) or adjectives (brilliant, untrustworthy).</td>
<td><em>Monet was the founder of French impressionist painting (fact). Monet was the most brilliant artist of his time (opinion).</em></td>
</tr>
<tr>
<td>making inference</td>
<td>Information is not clearly stated but is implied by the context.</td>
<td><em>He grabbed his raincoat and umbrella and ran from the house. The inference is that it is raining or it might rain.</em></td>
</tr>
<tr>
<td>comparing and contrasting</td>
<td><strong>Comparing</strong> focuses on similarities: similarly, likewise, just as, in the same way, both. <strong>Contrasting</strong> focuses on differences: on the other hand, however, conversely, yet, nevertheless, although. Note: for both we may need to draw on what we already know.</td>
<td><em>Just as weeds are seen to spring up everywhere in the summer, in the same way trees and plants put on growth spurts. (comparing) In summer, the temperatures are warmer and plants grow rapidly. On the other hand, winter is cold and plants grow more slowly. (contrasting)</em></td>
</tr>
<tr>
<td>sequencing</td>
<td>To understand and follow a passage well, the reader needs to know the order in which things happened. Examples of words which indicate sequence are: first, then, finally, at last.</td>
<td><em>First he raced into the room, frantically searching for his sports shoes. When at last he found them under the bed, he ran to the car. Leapt in and was finally on his way to school.</em></td>
</tr>
<tr>
<td>drawing conclusions</td>
<td>The aim is to consider all that has been said and interpret what it is about. This may include a summary statement at the end or the author’s point of view throughout a passage.</td>
<td><em>Some people keep injured birds they find in the wild. They take them home, look after them and then keep the birds as pets. But is it good for wild birds to be kept in a cage all the time? Once the birds are strong enough, trained wildlife experts recommend that birds raised in the wild be introduced back into their natural habitat. Conclusion: Wild birds live best in their natural environment.</em></td>
</tr>
</tbody>
</table>
SCHOOL BANKING

School Banking is up and running, students wishing to deposit their hard earned savings please drop off your bank book to the school office.

Students who do not have a bank book you may drop into the Commonwealth Bank with your birth certificate and set up an account.

Regards Donna Coulter

STEWART HOUSE DONATION DRIVE 2013

Envelopes have been sent home today for donations to Stewart House.

If you donate $2 you go in the draw to win a $4000 holiday.

Please return to office as soon as possible.

CANTEN NEWS

Canteen will be open for breakfast and lunch on Mondays and Wednesdays, recess needs to be ordered in the morning for these days. Open Fridays for breakfast, lunch and recess.

Thank you. Lisa
